

<b>STATE BIOFUELS INCENTIVE PROGRAMS</b>			
<b>State</b>	<b>Production Tax Credits</b>	<b>Production Incentive Payments per gallon</b>	<b>Blender/Infrastructure Programs</b>
Maine	\$.05/gallon tax credit		
South Carolina	\$.20/gallon for corn and soy based fuels; \$.30/gallon for other feedstocks for five years		25% tax credit for infrastructure costs
Oklahoma	\$.20/gallon if produce at 25% capacity for six months; \$.20/gallon for increased capacity		
Indiana	\$1.00/gallon tax credit		\$.02/gallon tax credit for blenders; \$.01/gallon for retailers
Kentucky	\$1.00/gallon tax credit		
Hawaii	100% tax credit over five years for up to \$2 million		100% tax credit over five years for up to \$2 million
Montana		\$.10 per gallon for increased production to \$2 million per plant per year	15% tax credit for construction, expansion
Nebraska	30% tax credit up to \$250,000.00 for ethanol facilities		
New Mexico	30% tax credit up to \$50,000.00		
North Dakota		\$.40/gallon production incentive	50% tax credit for construction, 10% per year for five years\$.05/gallon tax credit if B5 or higher
North Carolina	tax credit equal to excise tax paid per gallon to \$500,000;25% tax credit for construction of facilities		15% tax credit for infrastructure construction costs
Pennsylvania		\$.05/gallon incentive	Available through AFIG
Kansas		\$.07/gallon	Retailer Incentive of \$.03/gallon for biodiesel; 40% tax credit up to \$160,000
Maryland		\$.20/gallon for small grains, soybeans; \$.05/gallon for other feedstocks	
Arkansas		\$.20/gallon to \$2 million	\$.50 tax refund per gallon if they produce more than 1 million gallons; 5% tax credit for wholesalers and retailers for construction
Minnesota		\$.20/gallon up to 15 million gallons per producer for ten years	
Texas		\$.20/gallon up to 18 million gallons per facility for ten years	
Mississippi		\$.20/gallon up to 30 million gallons per producer for ten years	
Wisconsin		\$.20/gallon up to first 15 million gallons	
Missouri		\$.30/gallon for first 15 million gallons; \$.10/gallon for next 15 million gallons for five years	
Connecticut		\$.30/gallon for first 5 million; \$.20/gallon for second five million; \$.10/gallon for third five million	\$3 million or 25% of cost for construction
Wyoming		\$.40/gallon - total funding million/year for 15 years	
New Jersey		\$1 million fund for locally owned corn ethanol facilities - to be distributed	

State	ProducerTax Credits	Production Incentive Payments per gallon	Blender/Infrastructure Programs
Iowa			\$.03/gallon tax credit for retailers for B2 sold
Tennessee			\$1.5 million for construction of biofuel retail stations every 100 miles on all interstate highways; \$100,000 for capital projects
Illinois			\$15 million fund for infrastructure improvements
Colorado			35% tax credit for infrastructure development
New York			50% tax credit for infrastructure construction costs
Rhode Island			50% tax credit for infrastructure costs
Idaho			6% tax credit up to 50% of income tax liability; grants up to 50% of cost
Florida			75% tax credit for investments for production, storage, and distribution of biofuels, up to \$6.5 million in each fiscal year
Michigan			grants up to \$15,000 for fueling station construction
Washington			Special lower tax rate for biodiesel and ethanol facilities (1.38%); exemption from property and excise taxes; sales and use tax exemption for capital expenditures
